Article of the Convention above referred to. "Article 6.—With regard to the Trade in Opium, it is agreed between the High Contracting Parties, that at each of the periodical Sales of that Article, there shall be reserved for the French Government and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for, shall nevertheless be considered as so much in reduction of the three hundred Chests herein before-mentioned. The requisitions for Opium as aforesaid, are to be addressed to the Governor General at Calcutta, within thirty days after notice of the intended Sales shall have been published in the Government Gazette."

8. SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

WEDNESDAY, DECEMBER 31, 1834.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Sicca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent

may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (with either notice to or concurrence of any person who soever) at any period, after default shall be made either in acceptance or payment of the Bills, authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bill the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

FORT WILLIAM,

MILITARY DEPARTMENT, 22D DEC. 1834.

Notice is hereby given, that the Pay, Batta and other Allowances for November last, of the Troops at the Presidency, and at the other Stations of the Army, will be issued on or after Saturday, the 10th Proximo.

By Order of His Excellency the Right Hon'ble the Governor General of India,

WM. CASSIDY,

Secy. to the Govt. of India at the Presidency.

GENERAL POST OFFICE NOTIFICATION.

NUMEROUS instances having occurred in which the indulgence granted to the Senders of "Law Papers," "Accounts and Vouchers" and "Pamphlets" and "Printed Papers" at a rate of Postage equal to only One-third of the full Postage, has been grossly abused, the Honorable Secretary President in Council has directed that henceforth the following Rules and Penalties shall be put in force in the place of the Rules now existing under these heads, and notice is accordingly given that they will be strictly enforced from the 1st proximo:

In order that all persons marking their papers with the words "Law Papers," "Accounts," "Vouchers," "Pamphlets," &c. with the view of passing them through the Post Office at the rates of Postage provided for such despatches, may be fully aware of the extent of their liabilities under these Rules,—Notice is hereby given, that any Letter, Note or Writing whatever, except the "Law Papers," "Accounts and Vouchers," &c. themselves, being enclosed in a cover so marked, will bring the Sender or Receiver, as the case may be, under the influence of these Rules, and in like manner any manuscript whatever or any other thing which may be enclosed in a Packet marked Pamphlet, Printed Papers, Newspapers, &c. or in any Packet delivered as such and at the Postage rates prescribed for such despatches, whether marked or not, will render the Sender or Receiver, as the case may be, liable to the Penalties.

Rule. "Law Papers, Accounts and Vouchers, super-scribed and attested by the full signature of the Party sending them as being such, are received, for transmission by Dak, at the rate of Three Sicca Weight as one, i.e. any weight not exceeding Three Sicca Weight, at Single Letter Postage. For any weight above Three Sicca Weight, One-third of the Postage to be charged that would be leviable on a Letter of the same weight."

"Law Papers, Accounts, and Vouchers can only be transmitted by Dak when not exceeding Twenty-one Sicca Weight."

"Should covers said to contain the above mentioned description of Documents, be found to contain Letters, they will be charged with ten times Full Letter Postage agreeably to the weight of the Packet, and the Packet will be retained by the Deputy Post Master until the Postage be paid; moreover all Letters arriving at the Post Office for the Sender will be liable to be detained until the Postage under the Penalty, be liquidated."

"In cases where suspicion attaches to such covers, but where it cannot be satisfactorily ascertained that they really do contain Letters, the Deputy Post Master at the despatching Office will note his suspicions on the back of the envelope for the information of the Deputy Post Master at the Station for which the Packet is intended, who is empowered in such case to call upon the sending party to attend either in person or by proxy, to open them in his presence, when, in the event of Letters being found within the cover, he will detain the Packet and its contents until the difference between the amount which may have been paid at the time of despatch, as for Law Papers, &c. only, and that to which under the Penalty they would then be liable to, is adjusted. This applies equally should the suspicion originate with the Deputy Post Master at the Post Office of the Station where the Letter is to be delivered."

"Any thing in manuscript beyond the address on the cover of a Newspaper or other Printed Paper, will subject the parties concerned to the same Penalty and Conditions as those provided in the case of covers superscribed as containing Law Papers."

"Printed or Lithographed Circular Letters are liable to Full Letter Postage."

SEA CUSTOMS.

NOTICE is hereby given, that if Goods passed through this Office for a specified Vessel, be taken, directly or indirectly, and put on board of any Vessel other than that for which the said Goods have been passed through the forms of this Office, no Drawbacks, nor Certificates for other Presidencies, will be granted. And if such Goods be seized in illegal transit to, or when alongside of, a Vessel other than that for which they have been passed through this Office, they will be liable to eventual confiscation under Section III, Regulation III. of 1820.

If Goods which have been passed for a specified Vessel, cannot, for whatever reason, be taken on board that Vessel, and are fairly brought back to the Custom House for Re-land and subsequent Re-Export to the same Vessel, or to any other, or for regular Transhipment, every facility will, as usual, be afforded for such transactions.

By Order of the Board of Customs,

G. J. SIDDON,

Collector of Customs.

Calcutta Custom-House, the 28th September, 1832.

CALCUTTA CUSTOMS.

SEA DEPARTMENT.—If Goods are Exported in full of Rowanahs then current; but are Re-landed, and not, subsequently Re-exported until after the Rowanahs are time-expired, then such Goods are considered as fresh Exports, are treated as if they had never been protected by Rowanahs, and Duty is taken, if any be leviable on such Goods under the Regulations. But upon request made on the face of Re-land Applications (not otherwise) parties will be furnished with Certificates giving particulars of Rowanahs, in order that they may be fully aware of the dates on which those Rowanahs will become time-expired; and such Certificates will have the force and validity of Rowanahs for any remaining period of the currency of the latter. If Exchange Rowanahs be required, they will be granted on application, with reference to the Provisions of Sections XXVI. and XXVII. of Regulation IX of 1810. If Rowanahs shall have become time-expired between the date of Original Export, and that of Re-land, then no such Certificates can be granted; and the Goods in question will, if brought for Re-exportation, be treated as fresh Exports.

If Goods are Exported only in part, and not in full, of the quantities specified in Rowanahs, then those Rowanahs remain in the hands of the Parties concerned; and in the event, consequently, of such portions of Goods being Re-landed, no such Certificates as those above described will be issued.

By Order of the Board of Customs, dated 26th February, 1833.

G. J. SIDDON, Collector.

28th February, 1833.

CALCUTTA CUSTOMS.

ALL Persons concerned are requested to take notice of the subjoined Orders, as published in the Government Gazette of April 1831, otherwise the delay and inconvenience which may be experienced will rest upon themselves.

Samples of the Goods must be produced at this Office, and the No. and Date of Sea Import Register must be stated if possible. But by order of the Board of Customs dated 2d April 1833, to obtain Maffee Rowanahs for Goods of such sorts as are produced in this country, (and then are liable to Transit Duty) as well as Imported by Sea, either Sea Import No. and Date must be given, or whole despatches must be produced for inspection at the Custom House;—otherwise Transit Duty will be charged.

All Applications for MAFFEE ROWANAHS, must communicate the following particulars.—1st. The general or common name of each variety, or quality of Goods.—2d The quantity and value of each description.—3d. The sort of packages in which the Goods are contained, with the marks or directions upon them.—4th. The number of each sort of package.

But Duplicate or Additional Copies of Documents of which the originals (stated to have been lost or mislaid) might eventually be used to the prejudice of Revenue, here or elsewhere, will on no account be granted.

G. J. SIDDONS, Collector.

GENERAL POST OFFICE NOTIFICATION.

NUMEROUS instances having occurred in which the indulgence granted to the Senders of "Law Papers," "Accounts and Vouchers" and "Pamphlets" and "Printed Papers" at a rate of Postage equal to only One-third of Letter Postage, has been grossly abused, the Honorable the Vice President in Council has directed that henceforth the following Rules and Penalties shall be put in force in the place of the Rules now existing under these heads, and notice is accordingly given that they will be strictly enforced from the 1st proximo:

In order that all persons marking their papers with the words "Law Papers," "Accounts," "Vouchers," "Pamphlets," &c. with the view of passing them through the Post Office at the rates of Postage provided for such despatches, may be fully aware of the extent of their liabilities under these Rules,—Notice is hereby given, that any Letter, Note or Writing whatever, except the "Law Papers," "Accounts and Vouchers," &c. themselves, being enclosed in a cover so marked, will bring the Sender or Receiver, as the case may be, under the influence of these Rules, and in like manner any manuscript whatever or any other thing which may be enclosed in a Packet marked Pamphlet, Printed Papers, Newspapers, &c. or in any Packet delivered as such and at the Postage rates prescribed for such despatches, whether marked or not, will render the Sender or Receiver, as the case may be, liable to the Penalties.

Rule. "Law Papers, Accounts and Vouchers, superscribed and attested by the full signature of the Party sending them as being such, are received, for transmission by Dak, at the rate of Three Sicca Weight as one, i. e. any weight not exceeding Three Sicca Weight, at Single Letter Postage. For any weight above Three Sicca Weight, One-third of the Postage to be charged that would be leviable on a Letter of the same weight."

"Law Papers, Accounts, and Vouchers can only be transmitted by Dak when not exceeding Twenty-one Sicca Weight."

"Should covers said to contain the above mentioned description of Documents, be found to contain Letters, they will be charged with ten times Full Letter Postage agreeably to the weight of the Packet, and the Packet will be retained by the Deputy Post Master until the Postage be paid; moreover all Letters arriving at the Post Office for the Sender will be liable to be detained until the Postage under the Penalty, be liquidated."

"In cases where suspicion attaches to such covers, but where it cannot be satisfactorily ascertained that they actually do contain Letters, the Deputy Post Master at the despatching Office will note his suspicions on the outside of the envelope for the information of the Deputy Post Master at the Station for which the Packet is destined, who is empowered in such case to call upon the receiving party to attend either in person or by proxy, to open them in his presence, when, in the event of Letters being found within the cover, he will detain the Packet and its contents until the difference between the amount which may have been paid at the time of despatch, as for Law Papers, &c. only, and that to which under the Penalty, they would then be liable to, is adjusted. This applies equally should the suspicion originate with the Deputy Post Master at the Post Office of the Station where the Letter is to be delivered."

"Any thing in manuscript beyond the address on the cover of a Newspaper or other Printed Paper, will subject the parties concerned to the same Penalty and Conditions as those provided in the case of covers superscribed as containing Law Papers."

"Printed or Lithographed Circular Letters are liable to Full Letter Postage."

GENERAL POST OFFICE NOTIFICATION.

NUMEROUS instances having occurred in which the indulgence granted to the Senders of "Law Papers," "Accounts and Vouchers" and "Pamphlets" and "Printed Papers" at a rate of Postage equal to only One-third of Letter Postage, has been grossly abused, the Honorable the Vice President in Council has directed that henceforth the following Rules and Penalties shall be put in force in the place of the Rules now existing under these heads, and notice is accordingly given that they will be strictly enforced from the 1st proximo:

In order that all persons marking their papers with the words "Law Papers," "Accounts," "Vouchers," "Pamphlets," &c. with the view of passing them through the Post Office at the rates of Postage provided for such despatches, may be fully aware of the extent of their liabilities under these Rules,—Notice is hereby given, that any Letter, Note or Writing whatever, except the "Law Papers," "Accounts and Vouchers," &c. themselves, being enclosed in a cover so marked, will bring the Sender or Receiver, as the case may be, under the influence of these Rules, and in like manner any manuscript whatever or any other thing which may be enclosed in a Packet marked Pamphlet, Printed Papers, Newspapers, &c. or in any Packet delivered as such and at the Postage rates prescribed for such despatches, whether marked or not, will render the Sender or Receiver, as the case may be, liable to the Penalties.

Rule. "Law Papers, Accounts and Vouchers, superscribed and attested by the full signature of the Party sending them as being such, are received, for transmission by Dak, at the rate of Three Sicca Weight as one, i. e. any weight not exceeding Three Sicca Weight, at Single Letter Postage. For any weight above Three Sicca Weight, One-third of the Postage to be charged that would be leviable on a Letter of the same weight."

"Law Papers, Accounts, and Vouchers can only be transmitted by Dak when not exceeding Twenty-one Sicca Weight."

"Should covers said to contain the above mentioned description of Documents, be found to contain Letters, they will be charged with ten times Full Letter Postage agreeably to the weight of the Packet, and the Packet will be retained by the Deputy Post Master until the Postage be paid; moreover all Letters arriving at the Post Office for the Sender will be liable to be detained until the Postage under the Penalty, be liquidated."

"In cases where suspicion attaches to such covers, but where it cannot be satisfactorily ascertained that they actually do contain Letters, the Deputy Post Master at the despatching Office will note his suspicions on the outside of the envelope for the information of the Deputy Post Master at the Station for which the Packet is destined, who is empowered in such case to call upon the receiving party to attend either in person or by proxy, to open them in his presence, when, in the event of Letters being found within the cover, he will detain the Packet and its contents until the difference between the amount which may have been paid at the time of despatch, as for Law Papers, &c. only, and that to which under the Penalty, they would then be liable to, is adjusted. This applies equally should the suspicion originate with the Deputy Post Master at the Post Office of the Station where the Letter is to be delivered."

"Any thing in manuscript beyond the address on the cover of a Newspaper or other Printed Paper, will subject

"the parties concerned to the same Penalty and Conditions as those provided in the case of covers superscribed as containing Law Papers."

"Printed or Lithographed Circular Letters are liable to Full Letter Postage."

I am, Sir,

(Signed) MATHEW CURLING FRIEND.

To JOHN BENNETT, Esq. Secretary, Lloyds.

AUSTRALIAN NAVIGATION Journal of His Majesty's Ship Crocodile, Captain J. W. Montagu, with a Convoy from Sydney, through Torres Strait, by the Inner Passage.

(From the Nautical Magazine, No. XXII.)

COMPASS BEARINGS.

On the 3d of July, 1830, the Crocodile sailed from Port Jackson in company with eight Merchant ships, which took this opportunity of sailing through the Strait. On the noon of the 9th the fleet had reached up to Sandy Cape, and, passing a quarter of a mile along the east side of Break-sea-spit, rounded its north end within one cable's length, hauling into the northward for Round Hill, Lady Elliot Island, discovered by the ship, Lady Elliot in 1816, was distinctly seen. Having had a fresh wind from the eastward through the day, the fleet was close under Round Hill at midnight, having made the coast hereabouts with ease; and our position being well determined, we hauled off for two miles and a half, and then shaped a direct course for Cape Capricorn. We arrived abreast of it by 9 A. M. on the 10th, from whence the Investigator's track was followed up to the Keppel Islands, and to Cape Manifold, and under which we anchored for the evening. The outer extreme of the Cape bore E. 22° S. (mag.) 1½ mile, in eleven fathoms. The fleet experienced much swell during the night.

At day break, on July 11th under way from Cape Manifold, and, following the track of yesterday, arrived at noon abreast of Cape Townshead; from which, forming a direct course for the Percy Islands, anchored in the evening under the west side of the southernmost of that group, in eleven fathoms, half a mile off shore. The Percy Islands have a very verdant and fertile appearance, and abound in wood.

At day break on the 12th under way from the Percies, but the wind turning out light and variable, we made but little way. In the evening we anchored under the northern island of the cluster immediately south of Beverley Group, and which cluster is but imperfectly delineated in Captain King's Chart, sheet No. 1, published in 1822. The island we landed upon is peaked, and in some parts moderately wooded, and produces a profusion of very long Kangaroo grass, and

outcomed in the colony. It is frequented by the natives of the main land, and from its soil and luxuriance of vegetation, seems to possess great capabilities.

A fresh wind sprang up early on the 13th, and carried the fleet rapidly past the Prudhoe Islands, which we passed to the eastward. In this route we frequently discovered the water to be very much discoloured, and repeatedly sheered out or in to the land. It appeared to arise, however, from the agitation of the water on the peculiar nature of the bottom, as the soundings were regular. At noon we observed, in latitude $20^{\circ} 58'$ south, and $149^{\circ} 30'$ east, in which position several islets were seen south of the Island I^r of the Chart, not inserted therein,* also an islet and rock bore S by W $2\frac{1}{2}$ miles distant. There are also some other irregularities in this vicinity, which, the rapidity of our passing, and the nature of this navigation, did not permit us to correct. Having rounded the high-peaked Island I^r, we hauled in to the westward, and at sunset anchored in twelve fathoms off the Island M of the chart, with an elevated peak of 874 feet, altogether one of the most beautiful islands we had hitherto met with. The peak bore E. N. E. six miles and a half distant. During the night there was some swell, and a rapid tide.

July 14th. Some delay occurred this morning by the ship *George Canning* being unable to purchase her anchor, having hooked a coral patch, and capsized her windlass. This occurrence caused us to lose a whole tide and shortened the day's run so much, that we could only fetch to an anchorage in the evening under Cape Conway, in eleven fathoms. The Cape bore east 67° N., and the north Repulse Island west 10° south (magnetic). The tide ran one knot and a half per hour.

At day break on the 15th under way from Cape Conway, and entered Whitsunday Passage with a fresh southerly breeze—Tides and other indications seemed to prove this part of the country well peopled. On either side the Strait the scenery is luxurious and picturesque. On the main the land rises into mountains of gentle acclivity, but covered with dense forests. The islands are of moderate height, and covered with rich foliage. The windings of the coast, and the straits between the islands, seem to offer security against any winds. And altogether, it appeared the most eligible position that is to be met with beyond the present bounds of the Colony, up to this latitude, for a settlement.

We cleared the passage without difficulty, and at noon Cape Gloucester bore west, nine miles distant. In the afternoon we saw Holbourne Island. Passing six miles and a half inside of it, and having a clear run for the night, shaped a course for Cape Bowling-Green but made little way on account of the wind falling light.

At noon, on the 16th of July, Cape Bowling-Green bore south $2\frac{1}{2}$ miles, from hence we continued our route to Cape Cleveland and the Family Islands, without anchoring until the evening of the 17th, when we came to for the night, in 7 fathoms, off Barnard Group; having followed in general, Captain King's outside track. A solitary native came off from Double Point, in a small basket canoe, which he paddled by hand; his real object was not ascertained, but having obtained some old rags and a few biscuits, he paddled back to his companions on the beach, who appeared to watch his return with anxiety.

On the morning of the 18th July, under way from Barnard Group, and followed the inshore track up to Frankland Reefs, and arrived abreast of them at 2 p. m. About this time we observed the wreck of the Colonial schooner *Mermaid*, on a reef nearly dry, six and a half or seven miles to the eastward of Frankland Reef.

The weather was hazy, and the land obscured, so that it was impossible to give this Reef any satisfactory position, other than by the log account, from which the above is determined. Having closed the wreck sufficiently to observe she was deserted, we resumed our course to the northward, and in the evening came to in 19 fathoms within Fitzroy Island, three quarters of a mile off its west end. This island is bold and elevated, and covered with wood.

July 19th. At day break under way from Fitzroy Island, and followed Captain King's route up to

* Captain King is aware of this, and expresses his regret in his work that he could not examine them.—Ed.

Snapper Island, Cape Tribulation, and the Hope Islands, off which we came to in the evening in 10 fathoms. The S. E. Island S. L. by S. and N. E. ditto E. $\frac{1}{2}$ N. we had a troublesome swell during the night.

July 20th. Under way early with the fleet and took the inside route up to Endeavour River, passing within the shoal of the Chart, and then edging away for Cape Bedford. From this Cape we followed the centre track up to Lizard Island, and came to in 11 fathoms, off its west side. The north point of the island R 5; N., south point of it, S. T. by S $\frac{1}{2}$ S., and Eagle Island S. W. by W.

July 21st. On leaving Lizard Island and steering over towards Howick Group, we passed to the north of Eagle Island, and the other dangers thereabout; keeping in Captain King's track up to Cape Melville, and passing close round the Spit extending from that Cape, on which Spit there are several very remarkable rocks above water, and from thence steering over to Cape Flinders, anchored under its west side for the night with the Cape bearing N. N. E. $\frac{1}{2}$ mile.

July 22d. During great part of this day the wind was light and baffling, but by 5 p. m. we had reached over to the Island No. 3 of the Chart, in lat $13^{\circ} 47'$ South, under which we had tolerable anchorage for the night in 11 fathoms. Its centre F by N. $\frac{1}{2}$ N. per compass, three quarters of a mile distant, Jane's Hill, an elevated table land distinctly marked in the Chart of Captain King, was found this day to be a very valuable sea mark.

July 23d. Under way at daylight, and proceeded by the middle route of the Chart up to the Claremount Islands. On nearing Cape Sidmouth we observed the wreck of a large ship on its South side, and about the same time saw a small vessel under sail, making from her. With the idea that some assistance might be required, we anchored under the small Sandy islet in lat $13^{\circ} 21'$ South and long $143^{\circ} 37'$ East, on which a tent was observed to be pitched, and a flagstaff erected, and thither the above vessel was directing her course. She was found to be a wrecker from Sydney and the wreck was that of the Ship *Swissure*, cast away in July last year on a bank off this Cape that does not appear in the Chart. Finding no cause for delay, the fleet was under way before noon, with a moderate S. E. wind, and still following Captain King's route reached Cape Weymouth in the evening and anchored under it for the night, in 7 fathoms. The Cape on with the inner extreme of Restoration Island L. by S. $\frac{1}{2}$ S. two-thirds of a mile.

July 24th. At 9 the fleet was under sail, and by noon reached up to Fair Cape, in latitude $12^{\circ} 25'$ South. At 1 h. 45 m. we approached Paper Island, the reefs about which were remarked to be more extensive than represented in the Chart, and caused some hesitation with respect to passing them, before we attempted it, and, for the purpose of inspecting them more particularly we brought the fleet to the wind, and standing along their weather edge, discovered the most eligible passage to be to the Eastward of them, and to the Westward of A, 1, and A, islets or banks, in a good and clear passage, bounded by reefs on either side, which, though under water are shown with great distinctness by the discoloration. We passed close under the East side of Yong Island. The bush mentioned by Captain King was seen, as well as the other circumstances alluded to in his narrative. Having passed Haggerstone Island, and Sir Edward Horne Islands, the fleet stood in for, and anchored under the West side of Sunday Island, its centre E. by S. $\frac{1}{2}$ S. one mile and four-fifths. Margaret Bay affords good shelter, but the country hereabout is of a very forbidding appearance; sandy, sterile, and arid. Several Natives' fires were observed some short distance in land.

July 25th. Under way at day light, and took the inshore track of Captain Cook up to Cairn Cross Island, passing close along the edge of the Shoal and Islet v, in order to avoid the reefs of the Hannibal Islands.—Pudding—Pan Hill (of Captain Bligh) is an elevated table-land, very remarkable and easily distinguished; but we could observe nothing about it to warrant its fanciful appellation. By 1 p. m. we came abreast of Cairn Cross Island, passing between it and 7, and then edging away to the N. N. W. for the Turtle Islands, passing within the reef s. In approaching the Albany Islets we fell in with the Barque *Warrandoo*, on her passage from Van Diemen's Land to Singapore.

She had entered the Straits by the way of Murray's Island, and had experienced some bad weather after her entry, by which she lost an anchor and chain cable.

Having rounded the Albany Islets, and kept well to the Northward, to avoid the small shoal laid down in the Chart, between Cape York and the York Islands, and hauling in under the Cape, anchored for the night in 5½ fathoms, the Cape bearing E. ½ S. the peaked hill at entrance of Endeavour Strait, S. E. ½ S. Here the water was perfectly smooth, and the anchorage good and secure. The country hereabout is verdant and well-wooded, and appears to be populous, as fires were observed in every direction.

July 26th. Under way about 6 A. M. from Cape York, with the fleet, joined by the Wanstead, and shaped a course for Wednesday Island; but, soon after the Ships were under sail, light and variable winds ensued, which obliged us to traverse on either side of Captain King's track, and several times we tacked short of, or bore away from discolored patches which probably were caused only by the bottom being disturbed by the current. For so far as our observations went, this part of the Straits has been very carefully sounded. About 10 the breeze freshened up from the Eastward and the fleet passed with celerity round Wednesday, Hammond, and Good Islands, on which large parties of Natives were assembled, who by hailing, by signs and gestures appeared very anxious that we should communicate with them.

The Shoal *d*, north of Hammond and Good Islands, must be carefully regarded in passing this contracted part of the Straits. It shewed itself distinctly by the discoloration, yet was not perceived until we had approached it very closely, notwithstanding a special look-out was kept for it. This, however, is the last danger properly belonging to the Straits, and on clearing it the passage may be regarded as over.

By noon we were abreast of Booby Island, and passing along its north side observed two small flags flying upon it, and a Bottle deposited at the base of one of the Staves, the Memorial as we supposed of vessels that had lately passed through the Straits. We made no stop, but immediately after clearing Booby Island, the Ships respectively made all possible sail and dispersed on their separate destinations.

Too much praise cannot be given to Captains King and Flinders for their Surveys of this most intricate Coast; and from the experience we had of the inshore passage, we do not hesitate to recommend it; but all Ships should have Captain King's book of Sailing Directions to accompany the Charts. We anchored sixteen times after entering at Break-sea-spit, on the 9th, and were clear of all dangers by noon of the 26th July, when the convoy parted company.

NIELSON REEF,* PACIFIC OCEAN, LAT. 27° S.
LONG. 146° 17' W.

Extract from Journal of the Ship Sir George Osborne—Compass Bearings.

"January 19th, 1827. On our passage from Tahiti to England round Cape Horn—Light breezes, and fine clear weather—Latitude observed, 26° 33' S. Longitude 146° 25' 45" W. At 6 P. M. observed a heavy swell which proved to be caused by the sea breaking on a Coral Reef: hauled off on the larboard-tack, and passed between two portions of the reef nearly level with the water. White Coral observed under the ship, from four to six fathoms; the reef extending a considerable distance, curving S. E. in form of a crescent as far as the eye could reach from the mast-head. The sea being perfectly smooth showed itself by rollers, only occasionally breaking. Its situation 27° 0' South Latitude, 146° 16' 45" West Longitude by Chronometer."

We named it Nielson's Reef, the name of the master.

*As a proof of the correctness of our Time-keepers, we had only left Tahiti five days, and made our passage in 113 days without sighting land until we made the Start Point.

*The Ship Lancaster struck on this reef in 1831. The weather being fine, the sea did not break on it. The least water she found was 12 feet.—Ed.

The time which has been allowed to elapse is in consequence of expecting to see it placed in modern Charts from information given by the Captain, and from the intervention of other avocations.

I remain, yours,

(Sd.) S. STRITCHBURY.

GENERAL POST OFFICE NOTIFICATION.

NUMEROUS instances having occurred in which the indulgence granted to the Senders of "Law Papers," "Accounts and Vouchers" and "Pamphlets" and "Printed Papers" at a rate of Postage equal to only One-third of Letter Postage, has been grossly abused, the Honorable the Vice President in Council has directed that henceforth the following Rules and Penalties shall be put in force in the place of the Rules now existing under these heads, and notice is accordingly given that they will be strictly enforced from the 1st proximo:

In order that all persons marking their papers with the words "Law Papers," "Accounts," "Vouchers," "Pamphlets," &c. with the view of passing them through the Post Office at the rates of Postage provided for such despatches, may be fully aware of the extent of their liabilities under these Rules,—Notice is hereby given, that any Letter, Note or Writing whatever, except the "Law Papers," "Accounts and Vouchers," &c. themselves, being enclosed in a cover so marked, will bring the Sender or Receiver, as the case may be, under the influence of these Rules, and in like manner any manuscript whatever or any other thing which may be enclosed in a Packet marked Pamphlet, Printed Papers, Newspapers, &c. or in any Packet delivered as such and at the Postage rates prescribed for such despatches, whether marked or not, will render the Sender or Receiver, as the case may be, liable to the Penalties.

Rule. "Law Papers, Accounts and Vouchers, super-scribed and attested by the full signature of the Party sending them as being such, are received, for transmission by Dak, at the rate of Three Sica Weight as one, i. e. any weight not exceeding Three Sica Weight, at Single Letter Postage. For any weight above Three Sica Weight, One-third of the Postage to be charged that would be leviable on a Letter of the same weight."

"Law Papers, Accounts, and Vouchers can only be transmitted by Dak when not exceeding Twenty-one Sica Weight"

"Should covers said to contain the above mentioned description of Documents, be found to contain Letters, they will be charged with ten times Full Letter Postage agreeably to the weight of the Packet, and the Packet will be retained by the Deputy Post Master until the Postage be paid; moreover all Letters arriving at the Post Office for the Sender will be liable to be detained until the Postage under the Penalty, be liquidated."

"In cases where suspicion attaches to such covers, but where it cannot be satisfactorily ascertained that they actually do contain Letters, the Deputy Post Master at the despatching Office will note his suspicions on the outside of the envelope for the information of the Deputy Post Master at the Station for which the Packet is destined, who is empowered in such case to call upon the receiving party to attend either in person or by proxy, to open them in his presence, when, in the event of Letters being found within the cover, he will detain the Packet and its contents until the difference between the amount which may have been paid at the time of despatch, as for Law Papers, &c. only, and that to which under the Penalty, they would then be liable to, is adjusted. This applies equally should the suspicion originate with the Deputy Post Master at the Post Office of the Station where the Letter is to be delivered"

"Any thing in manuscript beyond the address on the cover of a Newspaper or other Printed Paper, will subject the parties concerned to the same Penalty and Conditions as those provided in the case of covers superscribed as containing Law Papers."

"Printed or Lithographed Circular Letters are liable to Full Letter Postage."
